

The Sport Premium for the Academic year 2017-2018

The school has received a total sport premium budget of £19,510 for the academic year 2017-18. The table below sets out how this money is to be used to fund activities, initiatives. It is anticipated that the total spend will be £19,540.

How is the money being spent?	What impact is it intended to have?
<p>Cost of contribution to The School Sports Partnership. £3,500</p> <p>Included in this cost is a half day activity session for children, led by the SSP</p>	<ul style="list-style-type: none"> • Children have opportunities to participate in inter and intra school competitions and events, with possibility of qualifying events for wider regional competitions. This is to promote the following cultural values- determination, honesty, passion, respect and teamwork. • Online access for PE and School Sport resources via the SSP website. This will help children to develop a positive attitude to sports and share results and successes with parents and children. • Additional CPD opportunities for those teaching PE and whole-school staff training (for example, on challenging the most able children). To improve a wider range of skills for staff to ensure that all children are able to make the best possible progress and inclusive curriculum. • Parents are informed of extra-curricular activity both in and out of school through the SSP newsletter in addition to our own. Parents have the option to broaden their child's experience of sport. This creates effective links between home, cluster, regional and national schools. • Children benefit from alternative sports coaching provided by East Riding Sports Development Team. To develop their competence in a range of sports and enrichment opportunities additional to the curriculum such as archery, den building and disability awareness games. • Most able Y6 students have opportunity to take part in the Multi Skills Academy Programme. This enabled talented children to be identified and included in regional academy events. • Expert advice is provided to support the evaluation of the school's current strengths and weaknesses, in the form of an audit, and guidance in implementing plans for improvement. Staff are able to reflect on the way sport is taught throughout the school. This will ensure high quality physical education inclusive for all children is provided.
<p>Cost of First Steps sports coaches to enhance Netball (Autumn Term), Dodgeball (Spring Term) and Athletics (Summer Term) Activities teaching (First Step Sports) With a particular focus on children with disabilities and those who are reluctant to participate in physical education.£5,340</p>	<ul style="list-style-type: none"> • All children benefit from specialist Netball, Dodgeball and athletics teaching in school. These specific sports picked for range of transferrable skills involved as well as cross-curricular opportunities • All teachers gain skills, using specialist resource/equipment, to extend all children's learning by maximising their involvement of collaborative working with First Steps coaches. Staff have the opportunity to work with specialist coaches to strengthen their skills in order to lead high quality PE lessons that can be used in the future. • Training to increase teacher knowledge of how to support pupils with disabilities in sport This allows staff to observe additional strategies to support children with disabilities to enable them to be included in all areas of the PE curriculum.

Sports coach to run club for KS1/KS2 (gymnastics). (First Step Sports). £335 per term (£1,005 total)	<ul style="list-style-type: none"> KS1/KS2 have more opportunities for extra-curricular sport (in response to feedback from the children). To support children in leading a healthy lifestyle as well as developing skills and knowledge which can be transferred into other sports and areas of the PE curriculum.
Football coach to develop football skills in Y3-6 £1,860	<ul style="list-style-type: none"> Each year group will have the opportunity to take part in sport and fitness training additional to the timetabled 2 hours of physical education taught each week. The additional 30 minutes of exercise allows children to be vigorously active and promotes health, fitness and well-being.
Cover for PE Coordinator to attend meetings/courses and arrange intra school competitions. £200 per day x3 £600	<ul style="list-style-type: none"> Opportunities for children to attend competitions and clubs is maximised. Organisation of events is delegated in school. Ideas of how to use Sports Premium Funding effectively.
Cost of developing play time provision so that children are more active at playtimes and lunchtimes £7,235 Shed *2 (inc hooks, shelves and assembly) £2,350 Playground Markings £1,000 Equipment £2,195 PE Store Asst £700 (mid Nov 17 to Aug 18)	<ul style="list-style-type: none"> Children participate in a wider range of physical activities, promoting health and supporting their well-being. All children continue to benefit from teachers' increased skills in teaching specific sports. Children are involved in purchasing equipment and resources to enrich our outdoor environment. Young leaders will be responsible for leading fitness games and the equipment required for this. Young leaders will develop their leadership skills and knowledge of sports and children in KS1 and KS2 have further opportunities to take part in fun physical exercise. Additional member of staff x2 hours per week to ensure equipment is stored correctly and ready for use to allow high quality teaching at all times.
Swimming lessons for Year 6 £990	<ul style="list-style-type: none"> All children are able to meet the national curriculum requirements for KS2 swimming including being able to swim 25 metres by the time they leave primary school.

Children at St. Mary's already have lots of opportunities to take part in physical activity both in and out of school.

Throughout the academic year 2016/2017 we gathered and updated our June 2015 survey of clubs children attended, which still included a wide variety of the following sports - football, tennis, swimming, various types of dancing, horse riding and martial arts. Additional sports were also offered – ice hockey, cycling, golf, ice skating and trampolining. From this, we were able to continue to identify children who do not attend an organised sports club or lesson regularly, putting us in a better position to provide more targeted opportunities for those children to be active alongside others. We continued to provide a dough disco (finger athletics) club to target children who were identified, at the end of the Foundation Stage, as working towards what is expected in moving and handling. We have invited particular children to a table tennis club and also began a new Change4Life club for targeted Y3/4 children. A Boccia club was created and specialised resources were purchased to include a child in sport who uses a wheelchair and this led to them taking part in two inter competitions at level Two. Coaches were bought in to deliver a dance club at the request of Year 6 girls to keep them active during lunchtimes. Coaches from local sports clubs were invited into school to deliver taster sessions to form links to encourage children to go on to join clubs outside of school. Clubs our children have joined from these taster sessions include Taekwondo, squash, rugby, orienteering and football.

From gov.uk:

How to use the PE and sport premium

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

For example, you can use your funding to:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs
- run sport competitions
- increase pupils' participation in the [School Games](#)
- run sports activities with other schools

You should not use your funding to:

- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of your core staffing budgets
- teach the minimum requirements of the national curriculum - including those specified for swimming (or, in the case of academies and free schools, to teach your existing PE curriculum)
