refugees

Extract from Year 2 Big Write

Refugees have no home. Half of the world's refugees are children. If all of the world's refugees held hands they would wrap around the world twice!

Some babies are born as refugees!

Why do people become refugees?

People become refugees because there is no work, a flood or there is no food in that country because it is too hot for plants to grow.

It is important for us all to feel safe and be responsible.

What is important about your home and community?

Year 6

Dear Lord,

We have been looking at Malala's book and reading about her life. * Where she comes from. Talibans said ~~girls~~ girls shouldn't get an education but Malala took a stand and had hope that people would listen. In year 6 we found out Refugees sometimes get treated differently to others. Please help us to treat others equally.

Amen

Dear Lord,

We Thank Malala for what she has done about equality and hope. We should respect that everybody is unique but we should all be treated the same. We should always respect refugees because they should be treated equally. Amen.

Poems About Migration

Quentin Blake

Here are two of our global citizens who shared their learning at home and brought their reflections and actions back to school; sharing learning about refugees and family plans for a greener lifestyle.

Dear Lord,

We are thankful for our safe homes and community. Thank you for the diversity that you have created - making everyone different and wonderfully unique. We are thankful for our education.

We believe that everyone should be treated equally and has the right to an education.

Help us to understand the mistreatment of people in other parts of the world. Malala stood up for what she believed in and challenged prejudice and discrimination. Help us do the same. Help us to respect and welcome those who need us.

Lord hear our prayer,

Amen
