Science

Year 5: Living Things and Their Habitats

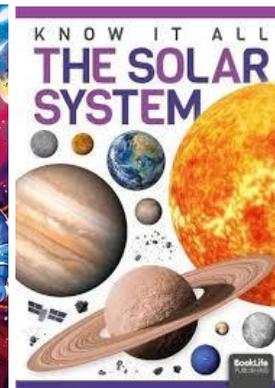

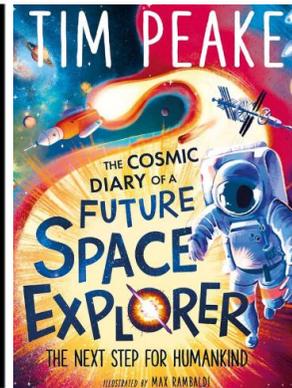

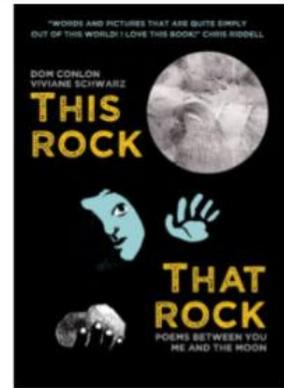

Life Cycle
by
Lauren McBride

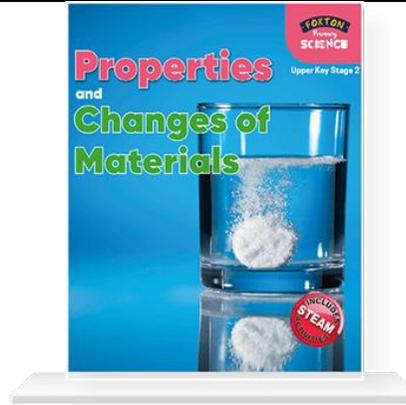

In my garden
the chrysalis ———
translucent, orange.
And me watching,
waiting for the moment
the monarch will emerge.
Then ——— in a blink,
a newborn adult
testing its wings.

In my arms
the children ———
transforming, maturing,
emerging as adults.
Then ——— in a blink,
entire lifetimes flash
the moment
each takes flight ———
independent too soon.

Year 5: Earth and Space

Year 5: Properties and Changes of Materials

Year 5: Forces
